

OUTLINE OF WORK
AT WASHINGTON

WHAT CONGRESS WILL TEND
TO DO THIS WEEK.

The Resolutions From the Foreign Affairs Committee Will Chiefly Occupy the Time of the Senate—The Bayard Matter is to Be Acted Upon Soon.

Washington, Feb. 17.—Most of the time of the house this week will be taken up with the consideration of the appropriation bills. The agricultural bill, which was taken up Saturday, should be disposed of to-day unless a prolonged debate should be precipitated on the question of seed distribution by the agricultural department. The Indian and army appropriation bills are ready, and the appropriations committee expects to have the executive, legislative, and judicial bill reported by Wednesday.

The foreign affairs committee will call up the resolution to censure Ambassador Bayard as soon as those in charge of the appropriation bills, which have the right of way, afford an opportunity to do so.

The foreign affairs committee is also working on a Cuban resolution, and it may possibly be reported to the house this week. The trend of opinion in the committee favors a resolution expressing it as the sense of congress that a state of war exists in Cuba and requesting the president to issue his proclamation, recognizing the insurgents as belligerents.

The report on the contested-election case of Van Horn versus Tarsney, from the Fifth Missouri district, which has been submitted to the house, can be called up by the committee at any time, as it is a matter of higher privilege than appropriation bills. The report is in favor of the contestant, but a minority report will be filed on Tuesday recommending that the case be recommitted and the testimony reopened.

The prospects are for a busy week in the senate, but, outside of the fact that Senator Davis speaks to-day in support of the Monroe doctrine and that the appropriation bills, which have been reported, will be taken up and probably disposed of, no definite forecast of the proceedings can be given. Senator Davis' speech is expected to be a strong and logical expression of the more advanced advocates of the Monroe doctrine.

There are three of the appropriation bills on the senate calendar, but it is not believed that any of them, unless it be the consular and diplomatic bill, will arouse any prolonged debate. It is possible that the diplomatic bill may not excite debate. This bill affords an opportunity to discuss foreign affairs generally, and it is rarely allowed to pass without senators' availing themselves of this opening to discuss diplomatic questions. It is also possible that the pension bill will be taken advantage of to discuss the pension question at some length. The military academy appropriation bill will be the first of the series to be taken up.

The Cuban resolution has been given the place of precedence after the appropriation bills, but it is not yet certain that this subject will be taken up seriously until the senators who may wish to speak upon it shall have opportunity to prepare themselves. Senator Call will speak on the subject, if he succeeds in getting it up, and possibly one or two other senators may be heard.

The senate committee have been unusually active since the holidays, with the consequence that there is an accumulation of business sufficient to cover twenty-seven pages of the calendar, embracing subjects in which all the senators are interested. There is therefore a general desire to get to work on the calendar, and the probabilities are that, with the appropriation bills out of the way, the calendar will be resorted to, and a large number of bills of minor importance acted upon.

There continues to be more or less discussion of a private nature among the senators as to the probabilities of getting up the tariff bill in some form, but this depends almost wholly upon whether the friends of the bill can obtain assurances of success in whatever move they make.

The reports of both the majority and the minority of the committee on privileges and elections on the Dupont case, the former favoring the seating of Mr. Dupont as senator from Delaware and the latter opposing that course, will be made to the senate to-day, but the debate which is sure to occur on this question will be postponed until later in the session.

There is beginning to be a great deal of talk in the senate of an early adjournment. If it is made evident that there will be no tariff legislation, many senators think that an adjournment by the first of June will be possible.

Two Cattle Rustlers Killed.

Cheyenne, Wyo., Feb. 17.—Meager details have been received here of a fight on South Beaver creek, Weston county, between county officers and cattle rustlers. The officers were John Owens, sheriff of Weston county, and Joseph Lefors, a stock inspector. The officers ran on the party in camp on South Beaver. They attempted an arrest, which was resisted. In the fight which followed John Timmis and Henry Thompson were killed. The third rustler surrendered and was taken into custody.

NEW POLITICAL PARTY.

Formed at Omaha and Its Object Is to Relieve Distress of Labor.

Omaha, Neb., Feb. 17.—A new political party has been launched which is designed to relieve the distress of the workingman and bring about the downfall of the two old parties. The infant was born at Labor temple in this city. "Gen." Kelly of commonwealth fame is at the head of the movement, and will be named for president. Every man present was required to sign a pledge to abandon existing political parties. Then these resolutions were adopted to define the position of the new party:

"Whereas, There is now no political organization in the field which promises beyond question of doubt to legislate in favor of labor as against all other unjust interests; therefore, be it

"Resolved, That we, the delegates or members of the working class of the city of Omaha, do hereby promulgate this, our declaration of independence from all capitalistic and middle-class reform or other parties, and issue this, our call for a convention of representatives of labor to be held in the city of Omaha not later than the first week in May, 1896, for the purpose of adopting a platform and nominating a bona-fide labor ticket which shall have for its object the bettering of the condition of the laboring class and of shortening the hours of labor in proportion to the progress in production, and such other measures as will assure to the producer full return for all value taken from him."

REBELLED AGAINST FRANCE.

Collision Between French Authority and the Natives of a Pacific Island.

San Francisco, Feb. 17.—Paris Le Claire, late procurer and prosecuting officer for the French government at Papeete, Tahiti, brings news of a serious skirmish which took place between the French forces and the natives of Raiatea before he left the islands early in January. The natives rebelled against French rule and British flags were raised in the principal villages. Le Claire says a French ironclad proceeded to the scene of the insurrection and bombarded both villages. No troops were landed but there was considerable firing from the ship. Guns were brought to bear on the flagmasts from which the British flags were flying and flags and poles were leveled to the ground. There was no disposition to spill blood or harm the natives in the slightest, so no shells were thrown. The flagpoles were brought down with solid shot. When this had been accomplished the war vessel returned to Tahiti.

MOTT TO THE PEOPLE.

Chairman of the National Silver Committee Speaks.

Washington, Feb. 17.—J. J. Mott, chairman of the national committee of the silver party, has issued an address to the people, in part as follows:

After explaining the object and hopes of the leaders of the movement, he says: "The country is confronted by a grave emergency. Further theorizing is futile. The agitation of the money question must be settled by peaceful methods that will give practical results. Long, patient and dispassionate reflection has convinced me that an independent American financial system is absolutely necessary to the restoration of national prosperity, and the establishment of commercial conditions in this country that will give the common people—the agricultural and laboring classes—an equal show with capital and concentrated wealth. How can it be effected? Can it be done through either the republican or the democratic party as now constituted? No. Both organizations are under the blighting influence of the eastern money power. The record of every national convention of both parties for years is plain proof of the assertion. The legislation of both parties in congress is proof that it is impossible as a party question. I appeal not only to republicans in my own state, who can appreciate the sacrifice I make in renouncing party obligations on this question in advance of party action in the premises, but to the people throughout the country without regard to party, to co-operate in this great non-partisan, patriotic American movement to sustain the industrial and financial independence of the United States in the pending irrepressible conflict."

Weekly Bank Statement.

New York, Feb. 17.—The weekly bank statement shows the following changes: Reserve, decrease, \$3,363,550; loans, increase, \$3,311,300; specie, decrease, \$7,142,500; legal tenders, increase, \$3,844,200; deposits, increase, \$261,000; circulation, decrease, \$239,400. The banks now hold \$36,818,875 in excess of the requirements of the 25 per cent rule.

Steamer Oceanic Is Reported.

New York, Feb. 17.—The White Star steamer Germanic, which arrived Saturday from Liverpool and Queenstown, reported that on February 13 at noon, in latitude 41.14, longitude 61.24, she was in company with the British steamer Galileo, bound from Hull for Boston, having in tow the steamer Oceanic, with shaft broken, steering west, half north, true. Some anxiety has been felt regarding the Oceanic's safety.

Companion of Peary Dead.

New York, Feb. 17.—The death near Christiania, Norway, of Elvind Astrup, a member of one of Lieut. Peary's arctic expeditions, is announced in a letter by Jorgen Astrup, a brother, who lives in Brooklyn. Astrup was the only companion of Peary in his march.

WEYLER THE BRUTE
EARNS HIS NAME

SPANISH CAPTAIN GENERAL
A FIEND.

Shoots Down the Prisoners That Are Captured, Thereby Demonstrating That the Reputation That Preceded Him Was Correct—Warned by Gomez—Cruel Proclamation.

Tampa, Fla., Feb. 17.—One hundred and forty passengers arrived on the steamer Olivette from Cuba last night. They say the rumor prevailed in Havana when the steamer sailed that the prisoners in Moro castle were being shot, as the firing could be heard in the city.

Gomez had notified Gen. Weyler that should he attempt to repeat his atrocities of the former revolution he would be shot by Cuban assassins.

Havana, Feb. 17.—The following are extracts from proclamations published by Gen. Weyler:

"All owners of commercial establishments in the country districts will vacate them and the chiefs of columns will take such measures as the success of their operations dictates regarding such places, which, while useless for the country's wealth, serve the enemy as hiding places in the woods and in the interior.

"Prisoners caught in action will be subjected to the most summary trial without any other investigation except that indispensable for the objects of the trial.

"No sentence of death shall be effected without the acknowledgment by my authority of the testimony of the judgment, which must be sent to me immediately, except when no means of communication exists or when it is a case of insult to superiors or of military sedition, in which case sentence will be carried out and the information furnished to me afterward."

He gives the following as acts which will justify the immediate infliction of the penalty of death:

"Those who invent or propagate by any means notices or assertions favorable to the rebellion. Those who destroy or damage railroad lines, telegraph or telephone wires or apparatus connected therewith, or those who interrupt communications by opening bridges or destroying highways. Incendiaries in town or country, or those who cause damage. Those who sell, facilitate, convey or deliver arms or ammunition to the enemy, or who supply such by any other means, or those who keep such enemy in their power or tolerate or deal in such through the customs, and employees of customs who fail to confiscate such importations. Those who, being telegraphists, divulge telegrams referring to the war, or who send them to persons who should not be cognizant of them. Those who, through press or otherwise, revile the prestige of Spain, her army, the volunteers or firemen, or any other force that co-operates with the army. Those who supply the enemy with horses, cattle or any other war resources. Those who serve as guides, unless surrendering at once and showing proof of force measure and giving the troops evidence at once of loyalty. Those who adulterate army food or conspire to alter the prices of provisions. Those who, by messenger pigeons, fireworks, or other signals, communicate news to the enemy."

AGAINST SPECIAL SESSION.

Diversity of Opinion Existing Among Indiana Republicans.

Indianapolis, Ind., Feb. 17.—Many of the republican members of the legislature are refusing to sign the agreement that if the governor will call a special session they will see to it that the legislature passes a reappointment act without delay and adjourns without transacting any other business. The party organs and some of the most influential members of the party are still insisting that the plan adopted by the committee shall be abandoned, but Chairman Gowdy says the committee will not reconsider its determination to bring suit to set aside all the appointment laws in existence, no matter what the outcome of the effort to get the members of the legislature to sign the agreement.

Ex-Secretary of the Navy Thompson, who has been the writer of party platforms in the state since there has been a republican party, makes the statement that the governor having refused to call an extra session the best method of avoiding confusion is to hold the election under the law of 1885.

Illinois Miners to Convene.

Springfield, Ill., Feb. 17.—The miners' union will hold a convention in this city this week, beginning Tuesday morning. State President O'Connor in an interview said: "One of the most important questions that will be brought before the convention is how to get the miners and operators to settle on a relative fair price, and to establish a basis that will be satisfactory to the employes as well as to the mine owners."

Negro Murderer Lynched.

Montgomery, Ala., Feb. 17.—Robert Williams, the negro who killed Police Officer Suggs early yesterday, was caught last night. While a deputy sheriff was bringing the prisoner to the county jail a mob took him and hanged and shot him to death.

A CRISIS IMPENDS
OVER IN FRANCE

THE REPUBLIC IS NOW IN
GRAVE DANGER.

The Cabinet Decides to Ignore the Vote of Censure That Was Passed by the Senate—Such a Course May Lead to Mob Action—The Situation Looks Serious.

Paris, Feb. 17.—The cabinet has decided to ignore the vote taken in the senate Saturday, which was a repitition of a vote of that body Feb. 11, deprecating the irregularities disclosed in connection with the Southern railway scandal, and demanding a searching inquiry. The newspapers express the belief that no issue from the cabinet crisis is possible except through the resignation of M. Ricard, minister of justice.

London, Feb. 17.—The special dispatches from Paris all agree as to the gravity of the French crisis. According to a semi-official statement, M. Bourgeois, the premier, had an interview with President Faure Sunday afternoon, and explained that the conflict of the senate and the chamber had assumed such a character that a resignation of the ministry would not solve the crisis. The cabinet had, therefore, decided to wait the further expression of the opinion of the chamber, the ministers agreeing that they can no more yield to the senate than they can disregard the confidence of the chamber.

A dispatch from Paris to the Post says: "The real origin of the crisis is the determination of the senate to overthrow the radical ministry or to die in the attempt. Not since 'Mai Seize' has France been on the brink of so extensive an upheaval. President Faure's position is shaken, and he is severely blamed by all moderate politicians for suffering the experiment of a radical ministry, failing to foresee the countless difficulties that were bound to follow."

A Paris dispatch to the Daily News says: "The most noticeable feature of the crisis is the apathy of the public, and the belief that all will come right somehow. The chamber is unlikely to yield, and already dissolution is in the air."

The Paris correspondent of the Times telegraphs as follows to that paper: "The cabinet has sounded a clear note. If it succeeded it is nothing more or less than a coup d'etat. If it fails, it is an act of violence, to no good end. The setting aside of the vote of the senate virtually upsets the constitution. If the senate stands firm, there are only two alternatives—the resignation of the ministers, or the expulsion of the senate by a mob. The latter would mean the superseding of the constitution by a revolutionary convention. The chamber of deputies, which re-assembles Thursday, after a cabinet council Tuesday, may, however, recoil from a second vote, which might prove disastrous. The situation is the most delicate that we have seen in twenty-five years."

EVIDENCE PILES UP.

Formidable Array Against Pearl Bryan's Alleged Slayers.

Cincinnati, Ohio, Feb. 17.—The excitement in this city and vicinity over the atrocious murder of Pearl Bryan has been intensified by the astounding developments made Saturday night. The feeling is of the silent but ready sort, that portends latent danger. Every other man one meets expresses the opinion that short work should be made of these men. The thinking and strictly law-abiding element in Covington and Newport have confidence in the courts, and believe in depending on the courts to mete out justice to the prisoners. It is probable that the accused will be taken to the Covington jail, which is strong and well situated to resist a siege. The jail in Newport is weak.

Detectives Crim and McDermott found the surrey and gray horse, used by Jackson and Walling, at Mullen's stables on Walnut Hill. The colored driver identified the horse and surrey. The surrey still had the blood stains on its seat. A bloody lead pencil was found in the bottom of the vehicle.

Special circumstances that give weight to the testimony of George H. Jackson, the negro boy who drove the surrey to Fort Thomas, are the high name he bears among all his employers. Jackson, the accused, tries to ridicule the multitude of clues that are followed. Walling is more sullen and reticent. He denounces the negro's statement as a lie.

Not Inclined to Arbitrate.

Caracas, Feb. 17.—The Venezuelan government is less than ever inclined to arbitration on the Yuruan affair, for which Great Britain claims \$60,000. Nor does the government show any inclination to deal directly with Great Britain on the Guiana boundary question. It awaits the report of the Venezuelan commission in Washington before it decides what it will do.

Cow Wrecks a Mardi Gras Train.

Montgomery, Ala., Feb. 17.—The first section of passenger train No. 3 on the Louisville and Nashville, loaded with excursionists to New Orleans, struck a cow at Jackson Lake, ten miles from here, Sunday, and was badly wrecked. Fireman Frank Everett was instantly killed and Engineer Bud Brown was fatally injured. No other death or injuries are reported.

TROOPS UNDER ORDERS.

Three Points in Kentucky Where Outbreaks May Occur.

Frankfort, Ky., Feb. 17.—The McCree Guards are under marching orders and a load of ammunition has been taken to their armory. There were rumors that this precaution is in anticipation of trouble in the legislature or an outbreak at Newport on account of Jackson and Walling, the murderers of Pearl Bryan, being transferred across the river, and on account of the danger of lynching at Augusta, Ky. While the state officials deny all the rumors, it is generally believed that this action is in anticipation of a lynching at Augusta. At the funerals of Mrs. Laughlin and May Jones yesterday Robert Laughlin broke down. The officers watched him closely, and the popular belief is that Robert Laughlin assaulted May Jones, and was caught by his wife; that a struggle ensued, resulting in Robert Laughlin killing his wife and his 13-year-old niece, and then burning his house to hide the crime. The people do not believe the story of Laughlin that masked robbers killed his wife and niece, assaulted him, and fired the house. The neighbors are so indignant that a lynching is expected.

Lesser Contests Off.

El Paso, Texas, Feb. 17.—Sunday evening all the lesser contests of the pugilistic carnival were called off and the only fight that can possibly take place near here is the big one between Fitzsimmons and Maher. The fight between Barry and Murphy will probably go to Long Island City, also, and be brought off during March. The management will pay all forfeits on the small fights, \$250 to each man, and the fighters are at liberty to go home as soon as they like. It is announced that the Walcott and "Bright Eyes" fight will take place in Long Island City on March 8 and that Marshall and Dixon will go against each other in Boston, March 17.

Mrs. Nansen Has Had No Word.

Christiania, Norway, Feb. 17.—Mrs. Nansen has received no word from her husband directly. But she is profoundly hopeful that the news, which first came from Irkutsk and has since been corroborated from other sources, is authentic and that Dr. Nansen has, in fact, solved the secret of the north pole and is now safely emerging from the mystic isolation of the frozen regions. Scientists here, whose sympathy with Dr. Nansen and the objects of his expedition is vivid and cordial, believe from the news received that Dr. Nansen has really reached the coast of Siberia and is returning from the pole.

For an Arbitration Court.

New York, Feb. 17.—A call signed by Mayor Strong, Bishop Potter, Benjamin H. Bristow, ex-Justice Charles P. Daly, President Seth Low and William E. Dodge has been sent to a number of prominent men in this city and Brooklyn looking toward the formation of a committee to further the movement now in progress in Great Britain and this country for an establishment of a permanent court of arbitration to settle all disputes arising between the United States and Great Britain.

Chamberlain's Scheme Impossible.

London, Feb. 17.—The Berlin correspondent of the Chronicle sends a dispatch, apparently inspired by Dr. Leyds, the secretary of state of the Transvaal, which says: "The Transvaal government considers Colonial Secretary Chamberlain's proposed home rule a preposterous and utterly unworkable scheme."

Kills Lover and Self.

St. Louis, Mo., Feb. 17.—Barbara Kessel, a pretty German girl 19 years old, Sunday night shot and killed John Rohlfing, her lover, and then with the same weapon, a cheap revolver of 32 calibre, fired a bullet into her own brain, dying instantly.

Russo-Turkish Entente a Fact.

Constantinople, Feb. 17.—After inviting the powers to recognize Prince Ferdinand of Bulgaria, the porte, at Russia's request, sent a second circular asking the powers to defer their decision until after Prince Boris had been baptized. This is held to furnish proof of the Russo-Turkish entente.

Is Suspected of Several Crimes.

Sedalia, Mo., Feb. 17.—John Johnson, alias "Cleveland Sport," arrested here for vagrancy, confesses to being wanted at Palestine, Tex., to finish an unserved two years' sentence for highway robbery and is believed by the local detectives to have been implicated in the Nashville, Vernon county, train robbery, January 15, as well as the holding up of the Gulf Railway operators at Fort Scott, Kan., and Richards, Mo., January 10 and 14, respectively. His record will be closely investigated.

Cleveland Will Arbitrate.

Rome, Feb. 17.—Baron Blanc, minister of foreign affairs, authorizes the announcement that President Cleveland having decided to accept the position of arbitrator to settle the questions in dispute between Italy and Brazil a protocol has been signed, referring to his arbitration all claims that are not amicably settled by the two countries within two months.

New Election Law for Virginia.

Richmond, Va., Feb. 17.—The state senate has passed the bill to amend the election laws. The vote was 28 to 3. This bill abolishes entirely the obnoxious constable feature and provides for the judges to assist the illiterate in preparing their ballots.

TO CAUCUS TONIGHT
ON THE NEW BILL

MADISON FILLING UP WITH
LEGISLATORS.

Long Session is Likely and Adjournment is Not Expected Until Friday—Changes Proposed Are Not Radical—Opposition From the North—Banker Day Goes Free.

Madison, Feb. 17.—[Special]—Incoming trains from all directions were crowded with members of the legislature, and there will be nearly a full roll call for the caucus tonight. Nearly all the members, apparently, expect a long session, and do not appear to think there will be an adjournment before Friday afternoon. This afternoon there will be a meeting of the legislative apportionment committee at which Mr. Taylor's new bill will be presented. He, however, declines to make it public before the session, but it has been learned it does not radically change the provisions of the bill which was finally recommended by the committee and is little more than an amendment to that measure.

Opposition has developed in northern Wisconsin to the committee's bill, and material changes will be necessary to make it satisfactory.

The democrats are determined, from their talk, to take the matter to the Supreme court, if a reapportionment is made, to test its legality. There is even a bare possibility that no bill at all will be passed. If it should be apparent early in the session that it will be difficult to carry a bill through, the republican legislative leaders may advise that the attempt to reapportion the state be abandoned altogether. This contingency will, however, not be accepted unless it becomes certain that harmony in regard to a bill is impossible.

Banker Day Goes Free

Milwaukee, Wis., Feb. 17.—Frederick T. Day was on Sunday acquitted of the charge of receiving deposits as president of the Plankinton bank when he knew the institution was insolvent. Mr. Day, however, is not yet an entirely free man, and is still under the bond that was imposed upon him after his preliminary examination, and if the district attorney has his way Mr. Day will again be tried, the complaint being based in the count which he did not sanction for the proceedings that have just closed. The jury was out thirty-one hours and came into court at 5 o'clock in the afternoon with a verdict of not guilty.

The decision was received without demonstration, and among prominent business men interviewed is generally approved, although there are some men who do not hesitate to express the opinion that ex-Banker Day deserves a state's prison sentence for his negligence in failing to keep a closer watch on the funds of the Plankinton bank.

Expense of Keller-Shanks Trial.

Terre Haute, Ind., Feb. 17.—Judge Taylor has made the allowances for the expense bill of the Keller-Shanks murder trial since the case was brought to this county on a change of venue, and, with the estimated expense bills in Parke and Fountain counties, it will make a total cost of more than \$5,000. It is expected that Parke county will insist that Fountain county pay half the cost of the case, and if that county does not do so willingly a lawsuit, it is said, will follow. Maggie Keller, the sister, will, it is said, bring suit for damages against those persons in the neighborhood who were most active in the prosecution. The Kellers have returned to their old home.

Says Her Husband Was Innocent.

Decatur, Ill., Feb. 17.—Mrs. Grant Atterberry, widow of the man who was lynched at Sullivan for the alleged outrage upon his sister-in-law, Mrs. Roxy Atterberry, is now in Decatur. She believes implicitly in the innocence of her husband, stating that she knows he was at home all night long Jan. 22 and 23. She says that she will bring suit for damages against Moultrie county for not giving her husband proper protection from mob violence. Mrs. Roxy Atterberry in her public statement declares positively that Grant Atterberry was one of her assailants, and that he hated her because he could not get control of her property.

Quay Declares that He Means It.

Pittsburg, Pa., Feb. 17.—Senator Quay has dispelled all doubts as to the sincerity of the movement in favor of his nomination for the presidency at the St. Louis convention through an interview with Frank De H. Robinson of Cleveland, made public last evening. Mr. Robinson said the senator unhesitatingly and without qualification said his candidacy is bona fide in every respect, and that he is in the fight to win.

After the Taylor Bondsmen.

Pierre, S. D., Feb. 17.—Attorney-General Crawford has returned from Spink county, where he has been levying upon the property of the Taylor bondsmen, which was attached last year immediately after the fact of the defalcation became known. Out of the property and the bondsmen it will be necessary for the state to secure a little over \$153,000 to come out whole in the losses through the defalcation.

MR. WILDER RESIGNS HIS LOCAL CHARGE

GOES WEST ON OR BEFORE
MARCH 1.

Business Meeting of the Church Called For Thursday Evening of This Week to Take Action in the Matter—Other Janesville Church Notes

Rev. S. P. Wilder formally announced his resignation to the Congregational church Sunday forenoon. The announcement was at the close of the morning sermon, and was in these words:

"TO THE FIRST CONGREGATIONAL CHURCH, JANESVILLE, WIS. DEAR BRETHREN:—Almost nine years ago, in a delightful parish among the New England hills, and surrounded by a loyal and loving people, I seemed to hear the voice of God bidding me cut loose from the associations of many happy years, and turn my steps westward. In obedience to what I then believed and still believe the divine call, I came to this church. For these nine years I and mine have lived and loved and labored among you according to the wisdom and grace given us of God; with what measure of success or failure both you and I must leave the records of the judgment day to determine.

"And now I seem again to hear the same divine voice bidding me to lay down the work of the Master here, turning it over to other hands to perfect and complete it, and myself to strike out once more into new paths and to face new and yet greater responsibilities.

Cannot Decide Hastily.

"After these years of loving fellowship with you in the Master's service, I cannot take this step lightly nor without deep and strong emotion. But because, under all the conditions, I believe it to be God's will, I believe it will be best for you and for me.

"These years have for me not been without heavy strain upon heart and brain, and I feel that a change may bring needed refreshing and relief. I am persuaded that the next fifteen years of my ministry should be, and may be, more strong and fruitful in spiritual results, more full of power for service than any previous period of my life. I desire, therefore, to spend them under conditions most favorable to large and permanent results, where I can throw myself with the utmost enthusiasm and hopefulness into the Master's work and aid most efficiently in solving the great problems that are pressing upon the Christian church.

Church May Be a Gainer.

"I am also persuaded that the change will not be without its value to you. This church was never stronger, nor more united nor loyal than now, never better prepared to go forward under wise and consecrated leadership to large success and abundant fruitfulness. Under a new leader, if he have the spirit of Christ, all who have so loyally stood by the church and by its pastor, will rally with fresh enthusiasm. The call of a new voice will arouse some whom my voice would fail to reach. New methods and ideas will stimulate to activity some spiritual forces now slumbering; and new appeals will touch some hearts and arouse some consciences to a sense of opportunities heretofore neglected and duties unfulfilled.

In view of these considerations and of the fact that God seems to have opened to me elsewhere a great door and effectual, I now resign my office as pastor of this church, such resignation to take effect on or before the last Sunday in March. And I ask you to consider this resignation in special business session of the church on Thursday evening next, and to unite with me in calling a council to advise us concerning the same.

And now upon this action and upon all the work and love and fellowship of the years past I invoke the blessing of the heavenly Father. And may grace, mercy, and peace, from God the Father and from the Lord Jesus Christ be upon you and abide with you forever. Amen.

Mr. Wilder's announcement that he had accepted the call to Pueblo was not an entire surprise, as his discussion with members of the church had made them realize that the opening offered him in the west was a very advantageous one.

He Goes to a Strong Church.

The first Presbyterian church of Pueblo, to which he goes, is a strong and growing organization, and its pastorate holds possibilities of great influence.

As to Mr. Wilder's successor in the Janesville church, of course nothing can be said. There has been no discussion, and no names have been presented for consideration.

Baptist Church.

"Casting All Your Care Upon Him, for he Careth for You," 1 Peter 5:7, was the text of Dr. Hodge's sermon Sunday morning. He said the doing of certain duties was not all of the Christian life, but it was also our privilege to cast all our cares upon God. First and most important is care of the soul, it should early be given into keeping of God. Many persons seem to think their business cares should not be mentioned in prayer. This idea, he said, was wrong, for a business that cannot be carried to God in prayer is not a right business. In closing, he said we should make over all anxiety for soul, body, business and family into the hands of God, not however, failing to use the best known means at our disposal for their benefit. The text of the evening ser-

mon was Matt. 7:33, "Enter Ye in at the Straight Gate."

The Christian Endeavor Society held its monthly missionary meeting last evening, "Baptist Mission in Africa," being the subject considered.

The adjourned annual meeting of the Ladies Aid Society will be held in the church parlors at 3 o'clock, Wednesday afternoon.

"Loving Our Neighbors as Ourselves," will be the topic of the Thursday evening prayer meeting.

The First M. E. Church.

In the morning the pastor, Rev. R. K. Manaton spoke on the "Destiny of Man, in the Light of Science and the Bible," taking as his text Psalm 8:4. He showed that science and theology did not teach two different doctrines concerning the destiny of man but both taught there was no show for a sinner but a man of truth great possibilities were before him, showing the great love of God for man and urging them to faithfulness. In the evening he spoke on "What it is to be a Christian."

The Epworth League meeting was led by Rev. Manaton. The subject for the hour was "Christ's Ways of Winning Souls by His Teachings."

The Ladies Aid society will meet Tuesday afternoon in the church parlor. All member are urged to be present.

On Friday evening they will give a chicken pie supper. Supper served from 5 to 8 o'clock.

Regular prayer service on Thursday evening.

SOME PLEASANT SOCIAL EVENTS

Mr. and Mrs. Tice Celebrate.

Mr. and Mrs. James A. Tice celebrated their golden wedding Saturday evening at their home, and so large was the attendance that an "overflowing" was also held at the home of their son-in-law, Charles W. Schwartz, 202 Locust street. About seventy-five guests, among whom were many Odd Fellows and Daughters of Rebekah, attended the celebration, and good cheer was the ruling feature. The affair was a complete surprise to Mr. and Mrs. Tice, which fact added much to the enjoyment of the occasion. The Odd Fellows presented Mr. and Mrs. Tice with an elegant easy chair, while another chair was presented by Mr. and Mrs. W. F. Carle and Mr. and Mrs. W. H. Ashcraft. INSTITUTE TOO BIG FOR ONE BUILDING

JANESVILLE WILL HAVE A
RECORD-BREAKER.

Farmers From Four Counties to Be Invited Here to Share in the Good Things—Liberal Cash Prizes For Farm Products—Programme Arranged.

The biggest farm institute in the state is being planned by six Janesville committees. It will be a double-header—one end in the court house, one end in McKee's big store on Main street. The business men of the city have been told so often that Janesville farm institutes were a failure, that when the state board gave them one more chance this year, they determined to show their mettle.

At a meeting held in Fethers, Jeffris & Field's office, an aggressive campaign was planned. Those who met were George M. McKee, Fred M. Marzuff, George D. Simpson, E. B. Heimstreet, W. P. Sayles, C. S. Putnam, R. M. Bostwick, Jr., W. H. Greenman, C. C. McLean, F. S. Sheldon, J. P. Baker, Fred S. Clemons, Will E. Evenson, P. J. Mount, and J. O. Wilmerth.

The meeting of the committee was called to order by Ogden H. Fethers, who outlined the condition into which Janesville farm institutes had fallen. George M. McKee was elected president of the committee of arrangements, and Fred L. Clemons secretary.

Liberal Premiums For Exhibits.

There was instant recognition of the scheme that no feature would be so valuable in connection with the institute as a competitive exhibit of Rock county farm products, and liberal premiums were decided upon.

These are the conditions under which the prizes will be given:

No awards except to farmers or members of farmers' families.

Every article must be produced or made by the exhibitor. No borrowed exhibits permitted.

Residents of the city of Janesville not allowed to compete, whether farmers or not.

All articles to be returned to exhibitors.

Entries to be made by noon Tuesday, March 3.

Premiums awarded at 2 o'clock Wednesday.

Exhibits to be taken away any time after 3 o'clock Wednesday.

Cooking School and Midwinter Fair.

It was announced that George McKee had offered the use of his double store on Main street, free, as a place for the exhibition, this being very convenient for the farmers; the sessions of the institute being held in the court house.

The cooking, which will be in charge of Mrs. Jameson, one of the most expert cooking teachers in the west, will be held in the McKee store.

The equipments for the cooking school have been loaned free of charge; chairs have been provided for; stoves and fuel secured; a piano, with drage and tuning, given by another firm; the School for the Blind orchestra has been offered for the evening entertainment, and all the indications are of a big display.

The institute has been advertised throughout Rock, Green, Walworth and Jefferson counties, and it is expected to fill the town to overflowing both days.

Subscription Committee at Work.

The committee began their canvass for subscriptions this morning, taking with them copies of the Monroe premium list, which made the Monroe institute so much of a success last year.

The committees paired off as follows: Greenman and Evenson, Sheldon and Bostwick, Simpson and Putnam, Marzuff and Baker, Sayles and Heimstreet, and McKee and Mount. They will report at Fethers, Jeffris & Field's office at seven o'clock this evening and consider what else is necessary to show Rock county and Wisconsin the biggest institute in the state.

Saves nine, says the old proverb. Mr. J. F. Wassel, printer Dwight, Ill., says:

"I neglected what seemed a slight ailment until I became so broken down from rheumatism that I had to give up my work and became an invalid. I yielded to my wife's proposition to take Hood's Sarsaparilla. I used 2 bottles, have entirely recovered strength and enjoy life like a new man. WE KEEP THE QUALITY UP

Just Before The Battle

of spring trade waxes fierce, we are creating no little activity in many departments, by a very noticeable reduction in prices of many goods that savor of winter.

Blankets--

To get the money out of them we are letting them go at figures mere shadows of their former selves. Their changed condition (the figures) causes a want-to-buy spirit to take possession of people who examine into the merits of our blankets.

Underwear--

If you've been wearing threadbare garments of late thinking they could be made to carry you through the balance of the winter, don't hold your life in the balance, risk catching a severe cold, but take advantage of the prevailing pinched prices and get new ones. We're selling all grades of Underwear at small prices.

Dress Goods--

We stimulated January dress goods selling by putting forth the best in our stock at irresistibly low figures. We have kept up the interest thus far in February, and predict even greater things for the balance of the month. Wise women are supplying themselves with waists, skirts, wrappers, dresses for the children, at prices, for reliable, fashionable, our quality, dress goods, that positively cannot remain much longer down where they are. For 25c you can get good firm all wool Serges, Henriettas and fancy weaves, For 33c better Plaids than others sell for 50c; excellent Serges that were 40c and will be that again ere long. The 59c table shows an assortment of dress goods that loudly proclaim their superiority and complain bitterly of their treatment. The lot comprises beautiful novelties in checks, mixtures, iridescents, and extra fine, high grade serges and henriettas.

Winter Garments

The return of spring will find the racks almost bare of fur caper, wool capes, plush capes. The \$4.69 and \$9.85 prices have charmed many women into buying. We have left some extra good values and pretty styles in jackets and cloaks for women and children, although each day sees several garments leave the store. Half prices are magnetic in their effect. Women who get such bargains cannot keep still about it, and that's what makes our stock grow less.

SENATOR BECKWITH IS DEAD.

A. Hanson Will Probably Continue the Horse Business Alone.

Senator A. C. Beckwith, whose string of horses were at the Janesville track last summer died at his home at Evanston, Wyo., February 1. Senator Beckwith was well known throughout the union, but was especially prominent in the west. He went west in 1855, and from the first was a leader among the pioneers. Through natural talent and steady efforts he acquired a fortune, but his wealth and rise to fame never served to alienate him from his friends, regardless of what their rank might be. He owned an extensive ranch and stock interests, and had a large collection of trotting horses on Uinta Farm. The trotters for some years have been bred and campaigned under the management of A. Hanson a son-in-law of the senator, who is well known here. He will probably continue that feature of the estate.

JACK FROST RODE WITH THE TRAMP

FRED EINHSTEIN'S PAINFUL TRIP WILL CRIPPLE HIM.

Both Feet Were Frozen and the Amputation of the Toes Will Be Necessary in Consequence—Clinton Breaks the Record for the Production of Tramps—Police Stories.

Frederick Einstein, alias "The Wandering Jew" is in the Rock County jail suffering with frost-bitten feet. Einstein is well known to the police, he being an acquaintance of the famous "Mysterious Jim" whose jail breaking, etc., have caused his reputation to spread over the land. Einstein will probably lose some of his toes, as Dr. Joe Whiting, the physician in charge, says that he hardly expects to be able to save them.

Einstein who says he has no money, no friends and no place to go, was stealing a ride from New York City to the west. At Buffalo the weather became biting cold and he became thoroughly chilled. "Riding the trucks" was not a warm way of traveling, but Einstein was stowed away on the axles of a "through flyer," and he couldn't get out. At Chicago he took a freight train for Beloit, and when he reached that city he crawled from the cars unable to stand. Marshal Appleby took him in charge and he was sent to jail for ten days. He is now in comfortable quarters and everything is being done for him, but he will doubtless be crippled for life.

Tramps Came in a Bunch. The village of Clinton, which seems to draw the tramps like a magnet, has broken the record for the production of that class of citizens by sending thirteen boarders here in one week. Five burly hoboes filed into the jail Saturday and all registered from Clinton. The smallest one, who said his name was Burns, talked to a Gazette man.

"When we struck the town a guy asked us did we want a square meal. O' course we did. Deguy took us in de calaboose and fed our faces, an' de first thing we knowed we wuz on our way up here for five days apiece. An' say, dat wuz no part o' de play, see? We wanted de grub, but we didn't want to go to jail. But ders always a friendly guy a waitin' to give you de glad hands; dat place, as soon as you ducks de bimpers. Den you get de marble heat an' fi' days in jail."

Bad Boys and Snowballs. Bad boys snowballed Dr. William Horne as the estimable doctor was crossing Milwaukee street bridge Saturday night and one of the missiles struck a lady who was passing. The doctor has the names of three of the offenders and proposes to give them something hotter than snow balls shortly.

Arthur McAfee, a railroad man, was taken to jail last night by Officer Hogan. McAfee was drunk and was discovered in a benumbed condition on the lower bridge by a number of small boys, who informed the officer. McAfee would probably have frozen if he had not been found, as it was very cold at the time. He was fined one dollar by Judge Phelps this morning, and agreed to mend his ways.

The case of the state of Wisconsin against William McNeill, has been adjourned until March 2.

IS MUCH SUFFERING AMONG THE POOR

ASSOCIATED CHARITIES NEED SUPPORT VERY MUCH.

Clothing About Gone and Only \$5 in Cash on Hand—More Calls for Help Are Received Than for a Long Time Previously—Miss Kimball's Work.

President W. G. Palmer of the Associated Charities, says that the society is drained from nearly every source and that help is needed.

"For a number of years we have not had so many cases of suffering as there have been this winter," said Mr. Palmer, "and the calls due to a lack of work in most cases, have come to us very often."

Put two months ago the society had plenty of money and clothing on hand but now there is very little clothing left, while the cash assets are less than \$5. President Palmer says that money has been freely given and that one local business man has written his check for \$25 at three different times. Supplies can be used to good effect and the association would be glad to receive any contributions.

City Missionary Is Busy.

City Missionary Mary Kimball sees a good deal of human suffering these days and many are the afflicted people who gain by her good work. When the wolf stands at the door and disease lurks within the residence, Miss Kimball's advent is always welcome—and she never fails to come.

One pitiful case of destitution was relieved yesterday. Miss Kimball was notified that a woman living in Riverside addition was in sore straits so she visited her. There was scant comfort in the dwelling. The husband was not at home, but the woman and her two little children were pinched with the cold. Their meals of late, had not been banquets by a good deal, but supplies and food were left by the missionary and the wants of the sufferers were relieved for the time.

"The woman was almost stiff with the cold," said Miss Kimball today, "and I think that there was whisky in the case somewhere. They were actually suffering for the necessities of life."

Friend Woman Was Ill.

On North Bluff street Miss Kimball found more suffering, the victim being a woman who was sick near unto death. She had no money to hire a physician, although she needed medical treatment, and was too proud to admit that such was the case. Miss Kimball took the matter in hand and Dr. Judd is now caring for the patient.

Another family living on Race street, were also cared for. Miss Kimball was notified that there was neither food or fuel in the house, but she visited the home and supplied their immediate wants.

Another sad case was that of a family living on Ravine street. Husband and wife were both very ill and there was nothing in the house to eat. When Miss Kimball learned of their destitution, she at once carried supplies to them and made them as comfortable as possible.

BIG CLINTON MILL WAS SET ON FIRE

WATER WORKS DID NOT AFFORD GOOD SERVICE.

The Loss Will Be \$6,000 With But \$1,000 Insurance—James Irish and the C. & N. W. Company the Losers—Notorious Report on the State Line Burned.

Clinton, Feb. 17.—[Special]—James Irish's large feed mill and hay barn were burned to the ground early this morning together with thirty tons of hay and all machinery. The loss is \$6,000 and the insurance is but \$1,000. The Chicago & Northwestern Co. also lost a part of their stock yards equipment.

The water works system failed to give satisfactory service. The buildings had to burn.

The blaze was undoubtedly of an incendiary origin.

Beloit, Feb. 17.—[Special]—There is one less "joint" on the "state line" and Beloit is correspondingly pleased. Fire accomplished what the police had found it difficult to do, and the place is now a ruin. The building was the notorious "Illinois house." Fire was discovered in the place yesterday. An alarm was turned in and the city department responded. They fought the flames, but the building was made uninhabitable by fire and water. Citizens in general are indignant because the firemen did not let the place burn, as it has been a notorious resort for toughs, and, being located in Illinois, the local department were not in duty bound to protect it.

College Class Outwitted.

Beloit, Feb. 17.—[Special]—The Beta Chapter boys were considerably disgusted over the action of the members of the rival Phi Kappa Psi society that left them in the cold as far as the presence of Beloit ladies at their formal reception was concerned. The story goes that the Beta Theta Psi, in order to carry out the dignity of their formal reception, sent their best girls written invitations to be present and trusted the same to the mails; but Uncle Sam was slow; the Phi Kappas also held a party last night; they heard of the invitations the Betas had sent out, and they immediately began to hustle and before the mail containing the invitations was distributed they had every last one of the Beta's girls pledged to attend their party.

Remember Fellow Workman.

Beloit, Feb. 17.—[Special]—George Windowson, a former for Fairbank, Morse & Co., severed his connection with the works Saturday night and was tendered a banquet by his fellow workmen and presented him with a beautiful \$30 meerschaum pipe.

A BEAUTIFUL DEED.

How Gov. Northern of Georgia Helped an Embarrassed Woman.

A beautiful deed once performed by Governor W. J. Northern of Georgia has found its way into print. The Atlanta Constitution relates it:

A patient-looking woman in a faded poke bonnet and a homespun dress was driving along Whitechapel street in a dilapidated buggy drawn by a lean and jaded mule. The harness was a patchwork of ropes and leather.

Then came a catastrophe. Suddenly the mule stopped, and one of the shafts dropped—a piece of harness was broken. The woman gazed at the wreck, with calamity written in her face. For full a minute she surveyed it without moving, and then looked around for some friendly face. The sidewalk was crowded with people, and the street was full, but all were hurrying on, and no one paid the slightest attention to the woman. Slowly she began to descend from her seat.

Just at this moment a passing carriage halted and a gentleman alighted. He spoke to the woman in a kindly tone and offered to assist her. She gratefully accepted the offer, and stood by almost trembling while he worked at the broken harness. It was a hard job, but the gentleman was determined and even got down on his knees that he might get at the work better. Finally the repairs were completed and the gentleman stepped into his carriage and drove out.

A man who was passing noticed the almost tearful gratitude of the poor woman, and stepping up to her he said: "Do you know who that was that fixed your harness?" The woman shook her head. "That was the governor of the state!"

KEEP THEM OUT

—all these germs, the seeds of disease, that are trying day and night to get a foothold in your system. You can't do it, unless your liver is active. That is all you have to depend upon, to keep them out of your blood.

The very best medicine for the liver and the blood, is Dr. Pierce's Golden Medical Discovery. Take that when you're getting thin, when you have pimples or eruptions, when you've no appetite and feel "run-down" (these are warning signals)—and you'll save yourself from serious illness.

Franklin, Lane Co., Oreg.
WORLD'S DISPENSARY MEDICAL ASSOCIATION: Gentlemen—My wife, of whom I wrote you, is another woman as far as her health is concerned, since taking your "Golden Medical Discovery" and "Pelle's," she says she feels better than she has for years. She has gained twenty-five pounds in three months.
